#Environmental Challenges...

You can be a force for good – helping the planet in so many different ways. Some ideas here...

Plan the World We Need Competition: select a nearby area, develop a plan to improve it over the next ten years, pitch it to the council. Competition is now open and closes on Monday 16 November. see <https://bit.ly/PlanTheWorld2020> Royal Town Planning Institute: contact@rtpi.org.uk

RSPB: Royal Society for the Protection of Birds. Make your garden bird and wildlife friendly. Details at: www.rspb.org.uk

Plight of the bumblebee: Could you re-wild part of your garden to help save the bumblebee? Details at: <http://bumblebeeconservation.org>

Adopt an Animal: “WildWood” is a conservation and breeding centre for animals that live – or once lived – in Britain. Support their cause by adopting an animal: bison...bear...wolf...rat! www.wildwoodtrust.org

Reuse/Recycle/Repurpose: Don't throw that old thing away! Make it into something useful again. For example, turn an old rugby shirt into a shoulder bag... That drum into a coffee table... Transition Dover has been working since 2015 to make Dover greener, more sustainable and plastic free. Be inspired by their work just down the road from Dover College at Biggin Hall, High Street, Dover. Contacts on Facebook at transition Dover

The Bay Trust: Has a great café and amazing grounds. They are a conservation trust based at St. Margaret's-at-Cliffe. Details at: www.thebaytrust.com

The John Muir Trust: Offers Conservation challenges at different levels for young people. Details at: www.johnmuiraward.org

DofE: Participants can choose an environmental or conservation based project for their “Volunteering” section and/or their Gold Residential. See: www.dofe.org for ideas.

Didn't find the environmental challenge you were looking for? Go to: www.charitychoice.co.uk for listings of all UK charities. You can filter by your postcode to find a good cause near you..
