#DOODLE CHALLENGE

CAN A NEURAL NETWORK RECONGINSE YOUR DOODLES?

This is a game built with machine learning. You draw, and a neural network tries to guess what you're drawing.

Of course, it doesn't always work. But the more you play with it, the more it will learn. So far 'Quick Draw' have trained it on a few hundred concepts, and hope to add more over time.

Give it a go and see if your doodles can be recognised within the time!
