TED is a global community, welcoming people from every discipline and culture who seek a deeper understanding of the world. We believe passionately in the power of ideas to change attitudes, lives and, ultimately, the world. On TED.com, we're building a clearinghouse of free knowledge from the world's most inspired thinkers — and a community of curious souls to engage with ideas and each other.

There are literally thousands of TED talks on every conceivable topic. Why not view one each week and better your understanding of the world in which we live. You will find all the TED Talks at the following link...
