

DOVER COLLEGE

#ONLINE

#MONEYMANAGEMENT

It is important that young people recognise the value of money and understand that it is not an unlimited resource. Giving you the freedom to manage your own budget will teach you valuable lessons about only spending what you can afford and avoiding the pitfalls of unplanned expenses. This is an invaluable life skill and you are never too young to start.

Go to the following link to enrol on a free course which will help you to start thinking about how to manage your money...
